Foreword

These are the young years, the fruitful years when time means only the day after tomorrow. These are the years of wistful-eyed beings with tender dreams, but youth is brutal as well as tender, and youth is reality as well as a dream.

A flower blooms, fades, and blows away - and blooms again, according to the season; and in the same manner youth exists from spring to spring for to everything there is a time.

CLASS SONG: THERE'S A NEW WORLD COMING

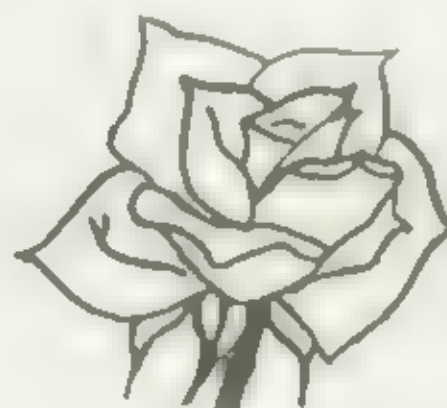

There's a new world coming
And it's just around the bend.
There's a new world coming,
This one's coming to an end.
There's a new voice calling,
You can hear it if you try,
And it's growing stronger
With each day that passes by.

There's a brand new morning,
Rising clear and sweet and free.
There's a new day dawning
That belongs to you and me.
Yes, a new world's coming
The one we've had visions of
Coming in peace, coming in joy,
Coming in love.

School Board In Action

We start a new decade, the '70's, at a time of unrest. This is a period of time where individual rights seem to have taken precedence over the good of the whole.

During this year I can recall more cases where good, average Senior class members have taken the responsibility to help the school correct some needed situations. In other words, they became involved for the good of the whole. This type of action is what we need to have more of in society; if we are to turn the '70's into a time of peace - the good, average person must be more active in his community and nation's affairs so the majority opinion is heard.

I've seen this trend to accept responsibility among our Seniors of 1970. If more adults begin to act in this manner the problems we are concerned about will be solved and the '70's will be a ten year period of improvement for our nation and all mankind.

My best wishes and congratulations to the graduates.

Robert A. Bruns

Robert A. Bruns
Local Superintendent

In these restless, chaotic years the most priceless possession an individual can own is a strong sense of purpose and direction. Both are related to character. Without character there can be no purpose; without purpose, no direction.

Character is the result of the influences which surround a person. Influences are many and varied. They come from the church, from the home, from friends and acquaintances, and from the school. It is our hope at Ottoville that the influence extended by the school has been effective. It is our hope that the extracurricular as well as the curricular activities have helped mold, and will continue to help mold, and determine future character.

COACH KORTOKRAX WITH CO-CAPTAINS

1969-1970
8 wins - 13 losses

In going back over the 1969-1970 season, the team probably played better than I really believed it could. After our second game of the season I felt that OHS would be fortunate to experience one win on the hardwood this year. Setting aside six games where our opponents were far superior to us our record then would have shown 8 wins and 7 defeats. Also players and fans alike could look back to the tremendous team effort put forth in defeating a highly rated Crestview quintet in our final home game of this season.

Remembering Thanking: People.

Remember the times that went so fast,
Remember these times, they're in the past,
Remember when you said, "It will last forever,"
Remember now, school is all over.

Thank Ottoville School for fond memories,
Thank it for providing opportunities,
Thank your friends for they all cared,
Thank them for the laughter you shared.

Remember the joys that made time fly,
Remember the sorrows that made you cry,
Remember graduation day finally came,
Remember now it will never be the same.

Remember you're each going your separate ways,
But always thank OHS for these high school days.

Eileen Janka - Editor-in-Chief
